Our office has always been happy to work with patients covered by dental insurance. We think insurance is a great incentive to maintain a vital level of dental health. We contract with BCBS, BCBS PPO, Delta Dental Premier, and United Healthcare. So, if you have a different dental plan it may not cover 100% of our fees.

We're happy to help you with insurance questions you may have. We can pre-authorize any treatment that is diagnosed and help maximize your benefits. Please remember your insurer dictates your coverage--we don't.
